The risk of loss in trading options is substantial. Placing contingent orders, such as stop-loss or stop-limit orders, will not necessarily avoid loss. Market conditions may make it impossible to execute such orders. You will remain liable for any resulting deficit in your account. You should therefore study and understand options before you trade and carefully consider whether such trading is suitable in the light of your rights and obligations upon exercise or expiry.

3. Risk of Providing an Authority to Hold or to Direct Mail to Third Parties

If you provide us with an authority to hold mail or to direct mail to third parties, it is important for you to promptly collect in person all contract notes and statements of your account and review them in detail to ensure that any anomalies or mistakes can be detected in a timely fashion.

- 4.3. Current information on GEM stocks may only be found on the internet website operated by The Stock Exchange of Hong Kong Limited. GEM Companies are usually not required to issue paid announcements in gazetted newspapers.
- 4.4. You should seek independent professional advice if you are uncertain of or have not understood any aspect of this risk disclosure statement or the nature and risks involved in trading of GEM stocks.
